

all night and sometimes during the day  
the sound of footsteps  
on the stairs  
coming and going.  
she had too many friends  
to have that much  
friendship.  
someone told me she was  
probably being unfaithful.  
all i could say is the difference  
between knowing and suspicion  
is that suspicion still  
believes in hope.

all night and sometimes during the day.
