

from the mount of olives the words were spoken... go and sin no more.  
good advice.  
but most do not take it.

whether it is a pragmatic step in a difficult life  
or the lights in the darkness which are not lit  
or pleased flesh that seeks even more pleasure  
they do not pray for this particular salvation  
instead they pray for a twenty four hour head start.

chasing them down.
