does the eternal have janitors…

how do the messes get cleaned up.
how does sanitation occur.
how many custodial languages are spoken.

are there paid sick days.
are work conditions negotiated.
are retirement plans even offered.
is the smell of disinfectant present every morning.
can a janitor audition for the celestial choir.
how many of them have been nominated for sainthood.

if cleanliness is next to godliness what do the mops look like…

does the eternal.
